Product Summary

This is one of the ancient Javanese recipes as a relic of history and is really a recipe used by the princes empress and princes-princess nobles in the palace. This recipe is derived from the remains of Java books that are still owned by one of the herbal palace assemblies.

This product is very effective in the process of rejuvenating the vagina, scents the vagina and eliminates the odour. The herbal mixture contained in it increases sexual arousal. It is the best Pre Wedding treatment to prepare the bride princess facing the bride's night.

How to use: Sit on a chair with the lower area of it open for an hour by wearing a sarong and sprinkle 1 teaspoon above the embers placed on my stool hundred under a hundred seats, at 5 minutes add another teaspoon, at 10 minutes add another teaspoon. Total usage for 15 minutes with distance between V and chair - / + 40 cm. Repet for 2 weeks.

For Pre Wedding care should be done 1 day before wedding night, if possible will be better done on the day of the wedding in the morning before the bridal make up begins.
